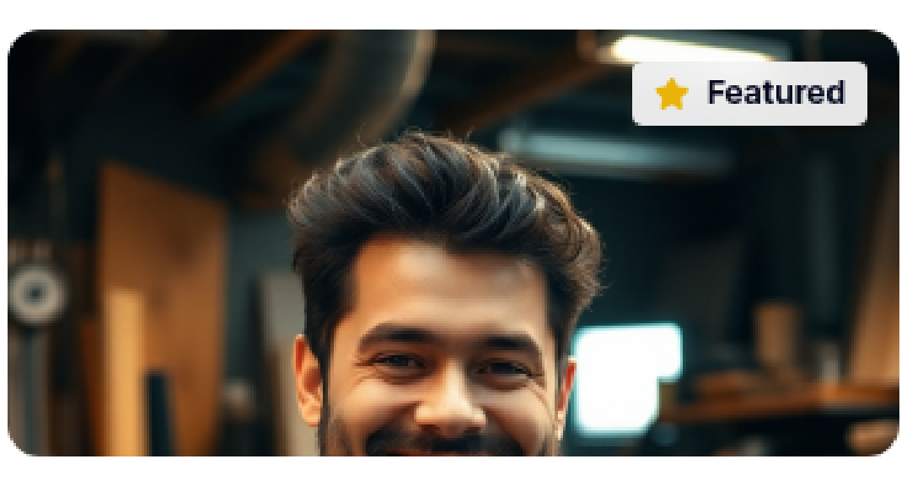
4. UI Components

Buttons & Interactions

Primary Action Secondary Action Tertiary Link

Beta Active Pending

Card Principles



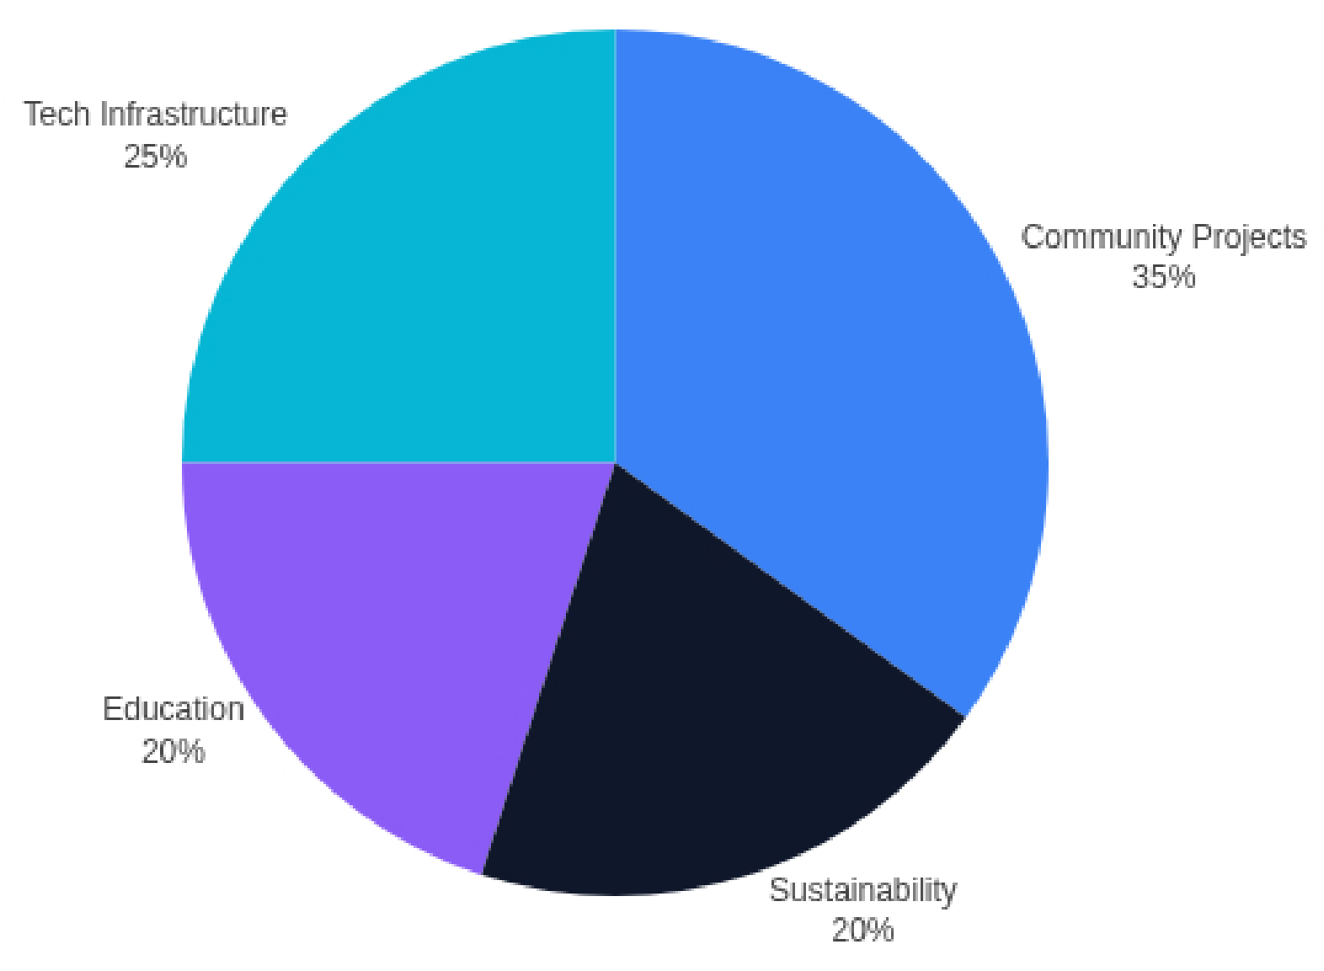
Sustainable Farming Initiative

Empowering local farmers with modern irrigation techniques to boost yield.

By Marcus 85% Funded

Data Visualization Style

Impact Allocation Model



5. Imagery & Media Style

Human-Centric & Dignified

Photography should focus on empowerment, not pity. Subjects should be active, engaged, and framed with dignity. Use natural lighting and avoid overly staged stock photography.

Iconography

Security Global Growth Community

Icons should be clean, monoline or solid, with slightly rounded corners to match the UI components. Use brand colors to highlight key actions.

6. Voice & Copy Guidelines

✓ Do This

"Invest in a founder's vision."
Focus on partnership and potential.

"Secure your future impact."
Use confident, forward-looking language.

"Transparency is our foundation."
Be clear and direct about processes.

✗ Don't Do This

~~**"Help the poor survive."**~~
Avoid victimizing language.

~~**"Donate now!!!"**~~
Avoid urgent, spammy punctuation.

~~**"We save the world."**~~
Avoid savior complex narratives.
